

Take Control of Your **Congestive Heart Failure**

Learn How to Successfully Manage Your
Condition with an Individualized Treatment Plan

MEDICAL MUTUAL®

Live Successfully with

Congestive Heart Failure

Heart failure can affect your life on a daily basis, but you can control just how much with the right treatment plan. Live healthier by learning how to manage your heart failure with an individualized treatment plan from our Disease Management Program.

A trained health coach works with you to develop a personalized management plan that supplements the care you receive from your doctor. With our program tailored to your needs, you can rest assured you're in good hands. In fact, 94.4 percent of members said they would recommend our Disease Management Program to others.

Program Highlights

No out-of-pocket cost for program participation:

- A weight scale to help you keep track of your water (fluid) retention, if needed
- Education and support from a health coach
- Smoking cessation assistance through our QuitLine program, if needed
